RE: Site Inspection, Organa Minerals Products, Inc., Organa Mine, S/055/013 (UTU-71446), Wayne County, Utah

Date of Inspection: October 8, 1998
Time of Inspection: 1740 - 1755
Conditions: Breezy, warm
Participants: Tony Gallegos, DOGM

Purpose of Inspection: To examine this site while in the area

There appears to be no noticeable change in the disturbance at this site. Disturbance is minimal and includes a small excavation with a pile of materials nearby. There are no signs of continued mining. This disturbance was believed to have been created by Ken Westwood. It is not known if he is working for Organa Minerals.

Photographs were taken at this site to document the current status. The operator and/or Mr. Westwood should be contacted regarding the origin and purpose of this disturbance.
